CAUSE

On March 18, 2008, Manuel Sablan submitted to a random drug test and tested presumptive positive for "ice". He admitted to using the drug on March 16, 2008. On March 24, 2008, he was tested at Marianas Psychiatric Services and tested presumptive positive for "ice". He denied using the drug and the specimen was packaged and sent to the laboratory for confirmation. As of this date, confirmation is still pending from Kroll Laboratories.

On April 7, 2008, Mr. Sablan agreed to modify his conditions of supervision as a sanction for his use of "ice" on March 16, 2008. He consented to 30 days home confinement under home detention at the direction of the U.S. Probation Office and signed a Waiver of Hearing to Modify Conditions of Probation/Supervised Release or Extend Term of Supervision, which is attached.

**Waiver of Hearing to Modify Conditions
of Probation/Supervised Release or Extend Term of Supervision**

I have been advised and understand that I am entitled by law to a hearing and assistance of counsel before any unfavorable change may be made in my Conditions of Probation and Supervised Release or my period of supervision being extended. By "assistance of counsel," I understand that I have the right to be represented at the hearing by counsel of my own choosing if I am able to retain counsel. I also understand that I have the right to request the court to appoint counsel to represent me at such a hearing at no cost to myself if I am not able to retain counsel of my own choosing.

I hereby voluntarily waive my statutory right to a hearing and to assistance of counsel. I also agree to the following modification of my Conditions of Probation and Supervised Release or to the proposed extension of my term of supervision:

That the defendant shall submit to 30 days home confinement under Home Detention at the direction of the U.S. Probation Office
